Dear Parents and Caregivers,

For both students and staff, it’s all about Learning.

Collaboration

Before students started back this term all staff from Byron Bay High School, Ballina Coast High School, Alstonville High School and Mullumbimby High School collaborated in a staff development day held at Ballina Coast High School. An excellent opportunity to learn from educational experts and each other. The strength of such wide spread collaboration brings new and innovative teaching and learning ideas and practices to be implemented in all department high schools.

Excellence

Congratulations to Mark Hernage, Kai Connell, Tristam Horn, Curtis Miles, Alison Hounslow, Stuart Galletly, Sarah McGregor, Kellie Quigley and Susan Ray who completed a year-long Aspiring Leadership course developed and presented by Toni Hughes. Toni is a former Director of Education in the region and brings a wealth of knowledge and personal insight in the area of Leadership. These Byron Bay staff members completed the course by each presenting a Leadership Project that they have been implementing at school over the last 12 months. I would like to thank Toni and this team for their hard work and passion in developing themselves as educational leaders of Byron Bay High School.

Year 11 Drama production of Angela Betzien’s play “Children of the Black Skirt”

Excitement is high within Byron Bay High School’s Year 11 Drama class, as rehearsals are well underway for their production of Angela Betzien’s acclaimed play “Children of the Black Skirt”. With a cast of 9 actors and a backstage crew of 5, students are putting the most in when it comes to commitment, with Saturday rehearsals and weekly two hour sessions in-school providing them with a sufficient amount of time to explore the narrative. Everyone is starting to feel the buzz of the approaching performance. With the added help of some brand new lighting equipment, backstage technicians Ruben Naughton, Lily Foley and Taj Anderson have been working hard to ensure the most compelling lighting and audio effects are in use, while devoted stage manager Heidi Duffy works diligently in the props and costume department. Director and Drama teacher Simone Museth is working closely with each cast member to create the most entertaining and enthralling performance they can manage. Ms Georgia Thorne from The University of Sydney is also assisting with developing the capacity of the cast.

Each student, both techie and actor, has been researching the time periods, context and experiences necessary to understand the characters and their journeys. Working in their process diaries, they document and explore any concepts they have regarding the story, as well as any directorial opinions they may create. This ensures that many, if not all, scenes have been a strong collaboration with Miss Museth and the students.

The play will be showcased on 25, 27, and 28 June during Week 9 of the school term, meaning just over one month remains until Byron Bay High School opens its doors to the public for Production Week.

The cast and crew continue their dedicated efforts and are honing many skills and talents. The thrill of sharing this story with their community is proving to be a strong force of motivation.

Article written by Alisha Doherty - Promotional Designer and Photographer, Year 11 Drama
Year 9 Primary Schools Production

It has been an incredibly busy Term so far in the Drama department. Whilst rehearsals and preparations for our annual Year 11 Production are continuing, we are pleased to announce that our Year 9 Drama students will all be starring in Byron Bay High School’s first ever Year 9 Primary Schools Production. The production will be showcased on two separate days as part of Byron Bay High School’s exciting new 2019 Winter Arts Festival in June.

The idea for this debut Year 9 Production initiative was first brought about when Bangalow and Byron Bay Public School Principals - Ms Larisa Polak and Ms Linda Trigg - voiced a keen interest in developing Performing Arts links between our schools. They wanted to see an authentic piece of theatre that their Year 6’s could relate to, performed by our Drama students. Ms Museth has taken up the challenge with her Year 9 Drama class, and with the help of Sydney University Practicum Teacher Ms Georgia Thorne, the hectic and exciting devising process is powering along!

The play being devised and scripted by both the Year 9 students and these two teachers, is an Issue-Based Drama operating under the working title “Have a Voice, Make a Choice”. It is a play developed around the issues of social media and belonging amongst young teens, as the primary school staff had flagged certain issues surrounding Year 6 perceptions of what might constitute responsible and safe use of social media and devices.

The process has been a rich one, involving deep research and analysis of real-life stories, articles, statistics and psychological studies. Ms Museth hosted a parent and student open forum afternoon last term, where authentic issues, opinions and concerns in our local community were discussed on issues of belonging and social media use in children. This discussion formed a significant part of the research that is helping build the stories in our performance and is providing it with authenticity and a local community voice. The development of the play has been embedded in a programmed study of Improvisation and Playbuilding for Year 9 Drama students.

The play will be performed exclusively to Year 6 students on Thursday 6 June in the Byron Bay High School Performing Arts Centre (PAC), where two performances will occur back to back for Byron Bay, Bangalow and Goonengerry Public Schools. We plan to follow the play with a Q&A session.

Parents, friends and community members may attend a public matinee of the play during our Winter Arts Festival which will be held at 9:30am on Tuesday 11 June in the Byron Bay High School PAC. Seating is limited so arrive a little early if you can.

Ms Simone Museth - Drama Teacher
**Winter Arts Festival**

We are excited to announce that later this term, Byron Bay High School will be presenting a series of public art exhibitions and concerts at the school, including theatrical, musical and dance performances, highlighting a diverse selection of student works as our new ‘Winter Arts Festival’.

These events include the following:

- **Tuesday 6 June** Year 9 Drama Production (primary school audience only)
- **Tuesday 11 June** Year 9 Drama Production
- **Monday 24 June** Children of the Black Skirt – Year 11 Drama production
- **Tuesday 25 June** Children of the Black Skirt – Year 11 Drama production
- **Thursday 27 June** Children of the Black Skirt – Year 11 Drama production
- **Wednesday 3 July** Evening Exhibition and Concert
- **Thursday 4 July** Morning Exhibition and Concert

More details and dates to be announced.

Art exhibitions will be set up for public viewing in school spaces.

There will also be a series of in school lunchtime performances (for students and staff only) during this time. Listen out for further details.

**Music News**

**Performers Wanted**

Students are already rehearsing for these events and any students who would like to perform (musicians, singers, circus, drama, dance etc) should contact CAPA staff as soon as possible.

**Bluesfest 2019**

Once again Byron Bay High School has had the privilege of presenting a selection of music students to perform at the Local Area High Schools Showcase on the Juke Joint Stage, on Easter Monday at Bluesfest.

The performance gives the students a fantastic and unparalleled real-life experience of performing on a large festival stage, with full professional sound and lighting production. Many local musicians spend their life trying to gain a gig at Bluesfest, so it is an awesome opportunity for the students to have this peak experience so early in their life!

An internal audition process secured the two acts that we put forward, based on originality of material and readiness to perform.

First up we had a multi-talented large ensemble of some of our best senior students presenting an original composition featuring the vocals of Year 12 student Anoushka Blake-Cadou and solo guitar work of Maayan Barnatan, joined by Year 12 Marli Maddison and Nimo Pyle alongside Year 11’s Zac Sandilands, Vincent Sebastion and Lenny Thurate. For the second number, they were joined by violinist Vindi Ferguson who led a foot-stomping version of a medley of some well known Irish melodies.

Our second act was a group of Year 9 boys who go by the name of ‘Skitz’, led by Brynn Walshaw and including Asher Townend, Diego Garcia–Lyon, Jesse Allen and Jaxon Rodd. They performed two high energy originals, put on a great show and they went down a storm.

The two acts served as a great opening set to the showcase and set a high standard for the two other local schools to follow.
The performances include artist tickets, backstage access and even a room in the green room camp where there were soft furnishings to lounge around on, mirrors to fine tune their appearance, free nibbles and drinks and even the occasional famous artist passing through. The students seemed to love that part of the day and had a valuable insight into the workings backstage and onstage of such a world-class event as Bluesfest.

Student highlights that day were watching artists from the stage including George Clinton and Parliament, Jack White with the Raconteurs, Julia Stone and Paul Kelly.

We would like to extend our thanks to all the families, teaching staff and friends who supported the students, Mr Ian Davies (Principal of Kadina High School) who coordinates the event and especially the ‘Bluesfest’ director and organisers for once again providing this awesome opportunity for the local schools and their creative arts students.

**Jazz Ensemble and Stage 4 Band**

Jazz Ensemble meets every Tuesday at lunch and Stage 4 Band every Friday lunch. We are working on new repertoire now and will prepare pieces for the Winter Arts Festival at the end of this term. New members are still welcome but all musicians need to commit to attending rehearsals regularly in order for the ensembles to be fully prepared and ready to perform in just a few short weeks. Please can parents remind students to bring their instruments and sheet music and also perhaps send text reminders to students to attend on the day. Your support is very much appreciated.

*CAPA Music team - Paul Todd, Dan Reade and Tim Baker*

**Mullum Big Band - Attention young musicians and parents**

Plans are afoot to launch a Youth Big Band for young musicians in the Byron Shire. The aim of this band is to give young musicians in the shire the chance to play and learn about this great tradition of music making under the leadership of some of the finest musicians in the country. Both John Hoffmann and Ken Stubbs have offered up their services to direct this band. I will be organising the band, rehearsal venue and gigs. YES- gigs! It’s important for a band like this to have something to work towards and I will be booking performance opportunities for this band.

First though, we need to see a show of hands of who wants to commit to this exciting project.

The band will consist of rhythm section (keys, bass, guitar and drum set), trumpet section, saxophone section and trombone section. Rehearsals will be weekly, most likely Tuesday night depending on venue.

(Probably 6:30 to 8:30pm)

Musicians will need to have their own instrument, music stand and have been learning for a few years. An ability to read music is needed. If you are not sure if this is for you contact me.

We are aiming to start this up in the first week in June - Tuesday 4 June.

The cost is yet to be determined. I am thinking between $10 and $20 per player. This will cover paying the band director and venue hire.

So, let’s see who is keen and if we can make this happen.

Please contact by email ASAP at mullumyouthbigband@gmail.com

*Dave Sanders*
Italy Trip

Flying to the other side of the world was not what I expected to be doing at the beginning of Year 10 but the experience was one of a lifetime.

Flying out of Brisbane on Friday 5 April to spend three weeks in Italy with an unknown family was no easy feat. We arrived in Padua and our journey began. Spending our days in Venice and Verona and visiting the most incredible churches, museums and parks, we slowly fell in love with the Italian culture. Eating enormous amounts of pizza, learning Italian phrases and making friends for a lifetime.

By the time we had to leave Padua, there were more tears shed than there were at the Brisbane airport. We then journeyed to Rome where we spent the next five days exploring the city, shopping and of course enjoying massive amounts of gelato. Staying in a hotel room with my best friends was a wish come true, despite half of them being homesick from their Italian host families. Our teachers became our parents (whether they wanted to or not) and helped us with any problems we had to face. They gave us freedom, love and most of all this amazing opportunity.

Overall, there were ups and downs and bags full of food, but the friendships we made and the knowledge we gained were worth spending three weeks away from our beloved Byron Bay.

Lalika Blaser - Year 10 Lighthouse Student
Sport News

Byron Bay High School Cross Country

Well the weather was wonderful and we had a big group of students who took part in our Annual Cross Country. Thank you to all parents and students who support these days and make it fun for all involved.

The new course proved to be a winner with conditions perfect for the run.

Congratulations to our 2019 Age Champions and to the top 6 in each age group who qualified for Far North Coast Championships. Notes were sent home today with students and should be returned promptly to the front office. Far North Coast is on Friday May 31 at the Splendour Site North Byron Parklands.

Congratulations to our Age Champions!

**Girls Age Champions**
- 12 years - Juniper Harper
- 13 years - Wyana Pietramale-Sewell
- 14 years - Suki Alford
- 15 years - Chloe Guye
- 16 years - Nyxie Ryan
- 17 years - Jackie O’Toole
- 18 years - Shania Mull-Mathers

**Boys Age Champions**
- 12 years- Ty Waterfield
- 13 years - Ishta Raju
- 14 years - Rufus Scott
- 15 years - Harley Kent
- 16 years - Finn Crethar
- 17 years - Jack Barwick
- 18 years - Jasper Stinson

Outside of school Competition

Special mention to Finn Crethar who recently came 9th overall with a Personal Best of 36.10 minutes for 10km in the Gold Coast Running Festival. This has earnt him a priority start at the Gold Caost Marathon weekend in the 10km event. Go Finn!

Harley Kent was recently selected for the 16 Boys NSW Country State Basketball team who will compete at Nationals in Darwin in July. Great job Harley, hard work has paid off. Well done boys!

*Mrs Kelly Caoyonan - Sports Organiser*
2019 Byron Bay High School Cross Country
Byron Bay High School Newsletter

Term 2 Week 3 Edition | 2019

Byron Bay High School Athletics Carnival Wednesday 29 May – Save the Date!

Week 5 is our annual School Athletics Carnival held out at the Cavanbah Centre.

Buses from the North will drop off directly to the Cavanbah Centre where they will meet teachers already at the fields. All other buses will drop as normal to school.

At 9am hired buses will ferry students from school out to the Cavanbah Centre and return them at the end of the day for normal school buses home.

The Athletics Carnival is one of the major school events on the calendar and it is expected that students attend. There are plenty of events, both competitive and non-competitive heats to keep everyone happy.

Students compete in their own age group of the AGE THEY TURN THIS YEAR. Age groups are 12 – 18 years of age. Some events are restricted to certain age groups at Far North Coast however we run all events at our school carnival.

Dress in your house colours, prepare yourself for the walk race which was a big hit last year (for the first lap at least! Until the pain set in).

Canteen will be available with limited foods. Year 12 will run their legendary BBQ and cake stall to keep students fuelled all day, and of course the snow cones will run at $3 a snow cone or two for $5 with your mate.

Parents are welcome to attend. A program of events will be sent prior to the day.

Congratulations Basketballers

Congratulations to our basketballers Flynn Bosselmann, Isaiah Campbell and Harley Kent who recently travelled to Bathurst as part of the North Coast Open Boys Basketball team. Reports were the boys played great basketball. Also a big shout out to Flynn Bosselmann who was Most Valuable Player of the North Coast Team for the Championships. Well done!

Girls Basketballers

Open Girls Basketball played Glenmore Park High School today. The girls played a very even and great game, although sadly went down by 4 in the end.

Top 32 in the state is great for this young team. Can’t wait to see how we go in the next few years.

Big mention to Keko Harrison our Year 12 student who played her final game for the school. Sorry we couldn’t get the win for you! Keko has been part of Byron Bay High School Girls Basketball since Year 7.

We will miss you Keko!

Flynn Bosselmann - Year 11

Mrs Kelly Caoyonan - Sports Organiser
Soccer Success

It has been a busy few weeks for the Byron Bay High School Boys Soccer sides. Both the Open boys and Under 15’s sides have progressed to the 5th and 4th rounds in their competitions, while individually Conor Bensley (Year 12) was selected in the Open Boys North Coast Soccer Team and will travel to the CHS State Championships later this term.

Bill Turner Boys under 15’s team

The Under 15’s Bill Turner cup side has made a strong start to the campaign this year with a dominant performance against Ballina Coast High School (BCHS) winning 10-2. Outstanding performers in this match were Harry Spiteri and Jack Crabtree who combined for 9 goals. While in defence Aaron Spry controlled the play and created several attacking opportunities.

The sides Round 3 encounter was a greater challenge against Xavier Catholic College. The match was played on the school oval and the skill level of both sides was high. Flowing football saw each side create opportunities though none could be converted and the match looked like it would head towards extra time. With only minutes remaining a few changes to the structure saw Hani Addis make a slicing run down the left wing beating several players, until finally delivering a perfect ball for Jack Crabtree to place in the back of the net from the 6 yard line.

Only minutes remained and the side hung on for a well fought victory. Best players on the day were Jack Wilson, Hani Addis and Andy Wise. This was a great win with the players backing up in short time playing BCHS on Tuesday and then Xavier Catholic College Thursday. The side now waits on the results of St Josephs and Lindisfarne College for their next opponents.

Bill Turner Girls team

The Girls Bill Turner side travelled to Ballina in their first match of the State Knockout. Due to some early injuries the girls went down a player and Ballina quickly scored 2 goals. After half time the prognosis was worse for Byron Bay High School with another injury leaving them two players short. Showing exceptional fight and determination the girls lead by Matilda Mayson scored against the run of play. Though in the end the weight of numbers was too much for our Byron girls and the eventual score was 4-2.

Well done to the girls side on their great fight and effort. Best players for the side were - Billie Aitken-McGregor - 1 goal, Matilda Mayson - 1 goal and Lyrdhan O’Rielly.

Open Boys Soccer

The Open Boys Soccer side have been playing quality football as well, cementing a place in Round 5 of the State Knockout. Early round wins against Tweed River High School (10-0) and Wollumbin High School (6-1) saw the team playing BCHS. The match was played at a frantic pace with both sides skilful yet tough when the ball was in dispute. At half time the score was 1-0 thanks to a Zahi Addis free kick.

The break saw BCHS come out inspired scoring two quick goals, one of which was also from the penalty spot. One goal down and 15 minutes remaining the match was slipping away, luckily some cool heads came to the fore. From the defence of Luke Nelson who continually snuffed out attack from BCHS, Byron created several opportunities and with a quality finish from Conor Bensley the score was 2-2. With only 5 minutes remaining the match seemed as though it was turning in our favour and the BCHS defence gave Ben Huber
too much time and space on the edge of the box, the rangy midfielder pivoted and struck a ball that left the goal keeper wrong footed and smashed into the top right corner of the net. Byron Bay High School took the lead 3-2. This was the way the match ended and again Byron Bay High School were the victors in a tight match. Best players for Byron Bay High School were Conor Bensley, Niki Koutsoubus, Luke Nelson and Alby Kay. The Open Boy’s side will now play Alstonville High School for their next match in the coming weeks.

Mr Harley Schmidt - PDHPE Teacher / Sports Organiser and Year Adviser

Anzac Day Assembly

On Wednesday 1 May, Byron Bay High School conducted an assembly to mark Anzac Day. The assembly was run by Jasper Stinson and Finn McPherson. Speakers included Mabel Hall, Matthias Stickl, Oscar Soper, Isabella Stephens and China Esson, with Mr Rob Asquith giving the Anzac address. Music for the occasion was provided by Rhett and Bryn Walshaw, Lulu Miller, Lucy Stephens and Mr Brian Pamphillon on trumpet.
Science News

Last term, Year 7 learnt about mixtures and separation techniques. Below, 7H are using distillation equipment to separate a solution.

7U have been learning about cells and they have been using light microscopes to observe both plant and animals cells. They have observed prepared slides, and they have made their own slides to observe onion cells under the microscope also.
Agriculture News

The Year 9 Agriculture class have been successfully completing their project-based learning on how to sustainably meet the food needs of the world. Developing excellent skills to successfully grow their own vegetables, edible flowers and herbs has been a great start to solving important problems. Their produce has been grown using sustainable and ethical methods and they are now looking at the returns for their efforts - healthy food that they have chosen to grow with very low food miles (and carried home using minimum packaging re-use bags). And of course, very competent animal care and welfare practices and some produce from the gardens are handed to the lovely animals that produce the manure for the productive Agriculture section farm system!

*Mrs Jennifer Woodward - Agriculture and Science Teacher*

Positive Change for Byron High Tree Planting and Presentation Evening at The Farm

Excellent leadership was on display as ‘Positive Change for Byron High’ presented a captivating and inspirational review of their recent environmental projects at The Farm. The presentation also included coverage of their once in a lifetime visit to Mauritius to present at the inaugural International Young Persons Planet for the Planet Conference. At the conference the students outlined their plans to meet a range of Sustainable Development Goals, focussing on SDG 14 Life Below Water. They worked with students from other Australian schools and Mauritian students to develop plans and solutions that could be used address the SDG’s in any country.

With generous support from The Farm, who offered space to host the event, the students involved spent the afternoon planting native fruit trees. One step towards reducing their carbon footprint whilst learning about the flavours and importance of native flora.

Positive Change for Byron High would like to thank the following companies for their support and generosity in donating raffle prizes and their expertise. Sean O’Shea, The Source, Enova Energy, The Beach Hotel, Quantum Uplift, People Of The Earth, The Farm, Eco Yoga Soul, GoSeaKayak, Stone & Wood and YoFlo. The funds raised from the raffle will be used to enhance the current organic waste composting solution at Byron Bay High School and support the students in reaching their 2019 goals.

In 2019 students are planning to further reduce consumption at Byron Bay High School, improve recycling and composting on site, as well as reducing the CO2 emissions of the school. Their plans will be informed by an audit in collaboration with Zero Emissions Byron Bay and students from Southern Cross University.

Mr Stuart Galletly - Head Teacher HSIE
Careers News

Subject Selection Year 10 to 11

Year 10 will be going through subject selection process next term. Now is a good time to start thinking about subjects you plan to study next year. Open the link https://www.bbhscareers.com.au/ and watch the clip, this will help you decide why you select a particular course. I will be seeing Year 10 this term to help guide them through what is on offer, what pattern is needed to be eligible for University and trades etc. Before the selection process is completed students and parents will have the opportunity for various staff and myself at school to assist. Course subject outlines will be issued before the end of term.

Work Experience – 2019

Work Experience is a valuable component of Year 10 General Studies classes. It gives students opportunities to undertake work placement in areas of career interest.

These placements can help shape a student’s career path, as well as helping define subject selections as they move into their senior studies. In some instances placements have led to full-time and part-time employment as well as School Based Apprenticeships and Traineeships (SBaTS). All students receive a work place report from their employer. These are valuable documents which can be used in job applications and course entry interviews.

Year 10 – In 2018 a large number of Year 10 students undertook work experience. Students were placed in the following areas; veterinarian, education (preschool and primary), agriculture, horticulture, automotive, construction industry (carpentry, plumbing, landscaping electrician), entertainment, health/exercise, hairdressing, hospitality, tourism and retail.

Year 10 – (2019) Students have begun undertaking in-class activities preparing them for work experience. Once successfully completed, students will be able to commence placement. Parents and carers will receive a Guide to Workplace Learning prior to placement. If you have any questions regarding work experience please don’t hesitate to contact me on 6685 8188. More information about work experience is available on our Careers Website - https://www.bbhscareers.com.au/

Mr Brian O’Connor - Careers Adviser

Before you know it the year will be over and once again significant decisions will need to be made. Below are some links that may help you explore some options. As always I direct students, staff and parents to go to the school careers website - ‘Byron Bay High School Careers’.

The Future is Ours
Byron Bay High School stand proudly on the traditional land of the Arakwal people of the Bundjalung Nation
Discover Engineering
Ballina

A free forum for all high school students interested in learning about engineering as a career choice

- Why be an engineer?
- What do engineers do?
- What is it like to study engineering?
- How do you become an engineer?

Discover Engineering provides the opportunity for high school students interested in an exciting career in engineering to hear real life experiences from young engineers across the various engineering disciplines who will share their career path and practical first hand knowledge. University representatives will also be available to advise on course information.

Thursday 27 June 2019, 6.30pm - 8.30pm
Ballina Byron Islander Resort
1 Ronan Place, Ballina
Enquiries: 02 4911 7310
